

**ARIZONA STATE, COUNTY AND CITY
TRANSACTION PRIVILEGE (SALES) TAX RATE TABLES
EFFECTIVE JULY 1, 1993**

The following tables contain tax rates for most Arizona Transaction Privilege (Sales) taxes:

Table I contains combined tax rates for state and county taxes. It lists rates for each class of business by county.

Table II contains tax identification codes for the 15 Arizona counties that must be used in the second named column of the return.

Table III contains a list of non-program cities and their telephone numbers. These cities collect their own taxes. Sales in these cities must be reported directly to that city.

Table IV contains a list of all the city sales tax rates and codes for program cities. The department collects the tax for these cities.

NOTE: These tables are published every six (6) months unless state law changes a rate. City and county rates may change in that interval. Notices of these changes will be given in the message box on the Form ST-1 (Transaction Privilege Tax Return) on an interim basis or will be included in the ST-1 mailing. If you have a question about a tax rate, call taxpayer assistance at one of the numbers listed in the instructions.
