

PRIVATE SCHOOL TUITION ORGANIZATION INCOME TAX CREDITS IN ARIZONA SUMMARY OF ACTIVITY: FY 2014

Arizona has four income tax credits for taxpayer donations to school tuition organizations (STOs). Two credits are for donations by individuals¹ and two credits are for corporate donations.² (The corporate donations can be claimed as a tax credit against corporate income tax or insurance premium tax.)

CERTIFICATION

Arizona law requires an STO to be certified by the Arizona Department of Revenue (ADOR) before it can begin collecting donations for tax credit purposes. The STO must be certified to collect donations from individuals and it must be certified to collect donations from corporations.

Appendix I (pg. 19) lists all STOs which collected donations during FY2014 and their certification period. A total of 62 STOs were certified to operate in FY2014. Nine STOs that were certified for individual donations did not have corporate certification. Seven STOs that were certified for corporate donations did not have individual certification. Four STOs dissolved in FY2014.

TOTAL DONATIONS

Donations to STOs since the beginning of the individual credit in 1998 through the end of FY2014 total \$811.9 million. Individual donations for the original credit have made up the majority of this amount, 76.4%, because of the longer period of time in which this credit has been available and because of a greater volume of donations. The following table shows total donations from each credit type.

³ Activity in 1998 was artificially low due to a court case challenging the constitutionality of the credit based on separation of church and state. The credit was determined to be constitutional.

⁵ The maximum donation for married filing joint filers increased to \$825 from \$625.

⁶ The maximum donation for married filing joint filers increased to \$1,000 from \$825.

Of all donations from both corporate and individual donors since 1998, Catholic Education Arizona has collected the most at \$156.3 million or 19.2% of all donations. The second largest recipient of donations has been the Arizona Christian School Tuition Organization at \$139.5 million or 17.2% of all donations (although this organization only accepts individual donations). Appendix II (pg. 21) shows every organization that has received donations, with the total received by credit type, since 1998. The STOs that are highlighted are no longer operational. In FY2014, Catholic Education Arizona collected the most from all four programs at \$17.2 million or 13.9% of all donations.

TOTAL SCHOLARSHIPS

Scholarships from STOs since the beginning of the individual credit in 1998 through the end of FY2014 total \$667.1 million. Scholarships from individual donations have made up the majority of this amount, 83.0%, because of the longer period of time in which this revenue has been available and because of fewer restrictions on scholarships from individual donations than from corporate donations. The following table shows total scholarships from each credit type.

⁷ The reporting period was changed from calendar year to fiscal year. In the first year of this change, FY11, the first 6 months of donations was included in CY2010 figures.

As with donations, the Catholic Education Arizona has paid the most in scholarships since 1998 at \$134.2 million, or 20.1% of all scholarships. The STO paying out the second largest amount in scholarships is the Arizona Christian School Tuition Organization at \$125.7 million or 18.8% of all scholarships. Appendix III (pg. 25) shows every organization that has paid scholarships, with the total paid by credit type, since 1998. The STOs that are highlighted are no longer operational. In FY2014, Arizona Christian School Tuition Organization paid the most in scholarships for all four programs at \$15.3 million or 16.1% of all scholarships.

In terms of where the scholarship money went within Arizona, the majority went to schools within the City of Phoenix. About 34% of the scholarships and the scholarship money went to Phoenix private schools. Similarly, 63% of the scholarships and of the scholarship money went to schools in Maricopa County. The following table shows the number of scholarships, the amount of scholarships and the average scholarship paid out by county in FY2014.

Appendix IV (pg. 29) shows the cities or towns within which scholarship money was received, the number of scholarships, total scholarships and the average scholarship amount.

RESERVING SCHOLARSHIPS FOR STUDENTS IN FUTURE YEARS

STOs are required to allocate at least 90% of their donations to provide scholarships in each of the four donation programs. Allocate means to both award scholarships in the current year and reserve money for an award of a future or multiyear scholarship for a specific student. STOs

reported reserving \$32.5 million from the four programs for specific students in future years. The breakdown between each donation program is shown below:

	\$ Reserved for Future Year Awards
Original Individual Donation Program	\$5,758,874
Switcher Individual Donation Program	\$3,285,447
Low-Income Corporate Donation Program	\$22,863,231
Disabled/Displaced Corporate Donation Program	\$575,521

Appendix V (pg. 31) shows reserved amounts by school at which the specific student will be attending.

SALARIES PAID

STOs are required by statute to report the names, job titles and salaries of the three highest-paid employees. Of the STOs certified in FY14, 36 (or 58.1%) were staffed by volunteers. Appendix VI (pg. 41) lists the 26 STOs that reported salaries.

AUDIT OR REVIEW PROCESS

STOs operating in Fiscal Year 2014 used 29 CPA firms, paying them \$296,380.⁸ The audit or review cost is listed for each STO in Appendix VII (pg. 42). STOs paid as little as \$1,000 and as much as \$17,000 for their audit or review. These costs include audits or reviews for both individual and corporate receipts if the STO participated in both programs.

INDIVIDUAL INCOME TAX CREDIT PROGRAM

Arizona allows an individual income tax credit for donations made to STOs that provide scholarships to private schools. A taxpayer could receive an income tax credit for a donation of \$517 (for single, unmarried head of household and married filing separate taxpayers) or \$1,034 (for married filing joint taxpayers) in tax year 2013; those amounts increased to \$528 and \$1,056 in tax year 2014. Scholarships paid from these donations by STOs could go to any child attending a qualified private school.

Of the 55 STOs certified to receive individual donations in FY2014, 49 STOs received donations (Just Friends of Education and The Leadership Consortium may also have received donations but did not file an annual report.) A total of \$58.2 million in tax credit donations from 80,931 taxpayers was reported for the fiscal year.

The following table shows the number of STOs collecting donations in each period, the number of donations and the amount of tax credit donations. Percent change is calculated for prior year amounts reported. No percent change is calculated for FY2011 as this is the first fiscal year reporting period.

⁸ STOs pay for the audit or review in the year following the year for which the audit or review was done. FY2013 audits and reviews were paid for in FY2014, the cost of which was reported on the FY2014 annual reports.

Appendix VIII (pg. 44) shows the number and amount of donations received and the number and amount of scholarships awarded by each STO for FY2014. Arizona Christian School Tuition Organization received the most original individual donations in FY2014 of \$12.2 million or 20.9% of total original individual donations.

Forty-eight STOs paid \$50.7 million in scholarships in FY2014, a 3.7% increase over FY2013. The following table shows the number of STOs providing scholarships in each period, the number of scholarships and the amount of scholarships paid. (For calendar years prior to 2003, the numbers are soft; reporting was not statutorily-required at that time.) As with the donations table above, no percent change is calculated for FY2011 as this was the first fiscal year reporting period. Please note that the number of scholarships paid does not equate to the number of students receiving scholarships. Many families seek scholarships from multiple STOs, resulting in one child being counted several times in the scholarship counts.

Appendix VIII (pg. 44) also shows the scholarships for each STO for FY2014. The 48 STOs that paid original individual scholarships in FY2014 reported 27,362 scholarships for an average of \$1,852. Arizona Christian School Tuition Organization paid the highest total amount of scholarships (\$11.2 million or 22% of the total) and awarded the largest number of scholarships (5,837 scholarships or 21.3% of total).

STOs are required to report the percentage of scholarship dollars that go to families with income of 185% or less of the poverty level and the percentage of scholarship dollars that go to families with income ranging from above 185% of poverty level to 342.25% of poverty level. Income levels for FY2014 that fit into these ranges are shown in the following table:

Household Size	185% of Poverty Level	342.25% of Poverty Level
2	\$28,694	\$53,084
3	\$36,131	\$66,842

7	\$65,879	\$121,876
8	\$73,316	\$135,635
Additional persons	\$7,437	\$13,758

Across all STOs, 36.7% of scholarship money went to children in families with income up to 185% of poverty level. Children in families with income between 185% and 342.25% of poverty level received 30.2% of the scholarship money. The remaining 33.1% of scholarship money went to children in families with income greater than 342.25% of poverty level. Seven organizations only gave scholarships to children in families with income of 342.25% or less of poverty level. Four organizations gave more than 60% of their scholarships to children of families with income greater than 342.25% of poverty level. Appendix IX (pg. 46) shows the percentages for each STO.

¹⁷ There are 6 months that overlap between Calendar Year 2010 and Fiscal Year 2011. Some of the donations showing for Fiscal Year 2011 are already shown for Calendar Year 2010.

The range of overall average scholarship amounts paid by STOs is from \$431 (Funds for Kids) to \$7,138 (Financial Assistance for Independent Schools). Average scholarship ranges and the number of STOs with scholarships falling in each range is shown in the following frequency distribution.

Avg. Scholarship Range	# of STOs	Avg. Scholarship Range	# of STOs

Institute for Better Education provided scholarships to 144 schools, more than any other STO. Appendix X (pg. 48) lists the number of schools to which each STO provided scholarships and the average scholarship the STO paid out. The information on the number of schools to which each STO paid scholarships is aggregated in the following table. As shown, three STOs (Jewish Education Tax Credit Organization, Pinetop Tuition Support Organization and Tempe Montessori School Tuition Organization) gave scholarships to only one private school.

STOs provided original individual scholarships and grants to 331 private schools throughout Arizona. One private school, Northwest Christian School, received scholarships or grants from 14 STOs. The following table shows the number of STOs contributing scholarship money to the private schools. In other words, referring to the table below, 117 private schools received scholarship money from one STO.

Seven private schools received more than \$1 million in scholarships from the original individual donation program in total. The most scholarship money received by one private school from all STOs was \$1,751,598 for 1,081 scholarships to Northwest Christian School. Appendix XI (pg. 50) lists the private schools that received scholarship money from each of the four donation programs in FY2014 and the overall average scholarship amount.

The smallest average scholarship paid by an STO to a private school was \$5 paid by Institute for Better Education to Loretto Catholic School in Douglas. Nine private schools received average scholarships from individual STOs for more than \$10,000. The highest average scholarship paid by an STO to one private school was \$16,692 paid by School Choice Arizona to Neurologic Music Therapy Services.

The following table presents the distribution of average scholarships. For example, the average scholarship received by four private schools (from all STOs) was between \$1 and \$250. Six private schools received scholarships from all STOs that were on average greater than \$10,000.

Avg. Scholarship Range	# of Private Schools with Avg. Scholarships in this Range	Avg. Scholarship Range	# of Private Schools with Avg. Scholarships in this Range

\$2,001 - \$2,500	47	\$10,001 - \$17,000	6

STOs also reserved scholarships for specific students for future years. Twenty-one STOs reserved an additional \$5.8 million in the original individual donation program. Brophy Community Foundation reported in FY2014 reserving the largest amount of original individual donations for future year scholarships of \$1.0 million or 18.1% of the total. Appendix V (pg. 31) shows reserved scholarships by school by scholarship program as reported in FY2014. The STOs reserving the scholarships and the amounts reserved are shown in Appendix VIII (pg. 44).

All STOs certified to collect individual donations in FY2014 were evaluated as to their status in relation to the requirement that 90% of all revenue must be paid out in scholarships. From an administrative viewpoint, no STO is expected to pay out 90% of donations it receives in the

current year in scholarships the same year. There will always be a lag between revenue received and revenue paid out and it does not mean that an STO with a percentage of less than 90% is in violation of the law. Three STOs listed below have very low percentages because they are newer STOs; their scholarships will increase significantly within the next year or two. Two STOs have a percentage greater than 100% because scholarships were paid from revenue that was not tax credit donations or due to reserved scholarships for specific students in future years. These percentages are being monitored annually and if STOs with low percentages do not improve, ADOR will review that program to determine the reason. Percentages for STOs certified to receive individual donations in FY2014 are shown below. The letters “NA” indicate the STO failed to provide FY2014 information.

STOs can allow individual donors to make recommendations when donating (although Arizona law prohibits STOs from awarding scholarships solely on the basis of donor recommendations).

Only those STOs that have a CPA review are required to report if they accept recommendations. In FY2014, 20 STOs reported allowing donors to recommend specific students for scholarships when donating. For those STOs that allowed donor recommendations and for whom information was available, approximately 51% of their original individual donations had recommendations.

“SWITCHER” INDIVIDUAL INCOME TAX CREDIT PROGRAM

Arizona allows a second individual income tax credit for individuals wishing to give more than the amount allowed for an individual income tax credit under the original individual income tax credit program. After donating \$517 or \$1,034 for the original individual income tax credit, individuals could donate up to an additional \$514 or \$1,028 (depending on filing status) in tax year 2013 and take this additional credit. Additional amounts that could be donated in tax year 2014 increased to \$525 and \$1,050.

All 49 STOs receiving donations under the original individual income tax credit program also received “switcher” credit donations in FY2014. A total of \$26.1 million was received under this donation program. Appendix XII (pg. 62) shows the number and amount of donations received and the number and amount of scholarships awarded by each STO for FY2014. Catholic Education Arizona received the most switcher donations in FY2014 of \$4.8 million, or 18.5% of total switcher donations.

STOs paid out \$18.1 million in scholarships from switcher donations in FY2014. Four STOs did not pay scholarships in FY2014. Generally donations are received late in a calendar year and scholarships are paid from those donations the following year. The lag in receipt vs. payout is standard and not a cause for concern. Appendix XII (pg. 62) shows scholarships for each STO for FY2014. The 46 STOs that paid switcher scholarships in FY2014 reported 13,548 scholarships for an average of \$1,339. Arizona Christian School Tuition Organization paid the highest total amount of scholarships (\$4.1 million or 22.9% of the total) and Catholic Education Arizona awarded the largest number of scholarships (3,761 scholarships or 27.8% of the total).

STOs are required to report the percentage of scholarship dollars that go to families with income of 185% or less of poverty level and the percentage of scholarship dollars that go to families with income ranging from about 185% of poverty level to 342.25% of poverty level, as they are required to do for the original individual donation program. Across all STOs that paid scholarships, 47.8% went to children in families with income up to 185% of poverty level. Children in families with income between 185% and 342.25% of poverty level received 30.3% of the scholarship money. Three organizations, BEST Student Fund, Pappas Kids Schoolhouse Foundation and Pinetop Tuition Support Organization, only gave scholarships to children in families with income of 185% or less of poverty level. Five organizations gave more than 50% of their scholarships to children of families with income greater than 325.25% of poverty level. Appendix XIII (pg. 64) shows the percentages for each STO.

The range of overall average scholarship amounts paid by STOs is from \$289 (Funds for Kids) to \$12,246 (Chabad Tuition Organization). Average scholarship ranges and the number of STOs with scholarships falling in each range is shown in the following table.

Avg. Scholarship Range	# of STOs	Avg. Scholarship Range	# of STOs
\$289 to \$1,000	15	\$2,501 - \$3,000	4

Institute for Better Education provided scholarships to 127 schools, more than any other STO. Appendix XIV (pg. 66) lists the number of schools to which each STO provided scholarships and the average scholarship the STO paid out. The information on the number of schools to which each STO paid scholarships is aggregated below:

STOs provided switcher scholarships and grants to 309 private schools throughout Arizona. Two private schools received switcher scholarships or grants from 11 STOs. The following table shows the number of STOs contributing scholarship money to the private schools. In other words, referring to the table below, 110 private schools received scholarship money from one STO.

This many private schools received scholarships or grants from	This many STOs

Two private schools received more than \$500,000 in scholarships from the switcher donation program in total. The most scholarship money received by one private school from all STOs

was \$559,944 for 77 scholarships to Brophy Loyola Academy. Appendix XI (pg. 50) lists the private schools that received scholarship money from each of the four donation programs and the overall average scholarship amount.

The smallest average scholarship paid by an STO to a private school was a \$5 scholarship to St. Matthew School paid by Institute for Better Education. Two private schools received average scholarships from individual STOs for more than \$15,000. The highest average scholarship paid by an STO to one private school was \$15,761 paid by School Choice Arizona to Neurologic Music Therapy Services.

The following table presents the distribution of average scholarships. For example, the average scholarship received by 9 private schools (from all STOs) was between \$1 and \$250. Five private schools received an average aggregate scholarship from all STOs that was greater than \$10,000.

Avg. Scholarship Range	# of Private Schools with Avg. Scholarships in this Range	Avg. Scholarship Range	# of Private Schools with Avg. Scholarships in this Range
\$1 - \$250	9	\$2,501 - \$3,000	15

\$2,001 - \$2,500	22	\$10,001 - \$16,000	5

STOs also reserved scholarships for specific students for future years. Twenty-one STOs reserved an additional \$3.3 million in the switcher donation program. Brophy Community Foundation reported in FY2014 reserving the largest amount of switcher donations for future year scholarships of \$719,600 or 21.9% of the total. Appendix V (pg. 31) shows reserved scholarships by school by scholarship program as reported in FY2014. The STOs reserving the scholarships and the amounts reserved are shown in Appendix XII (pg. 62).

All STOs certified to collect individual donations in FY2014 were evaluated as to their status in relation to the requirement that 90% of all revenue must be paid out in scholarships. From an administrative viewpoint, no STO is expected to pay out 90% of donations it receives in the current year in scholarships the same year. There will always be a lag between revenue received and revenue paid out. The switcher program is still in its infancy, having only been in effect since mid-2012. Therefore, the ratio between switcher scholarships and donations are not complete measures yet for evaluating compliance with the law.

Having said that, many STOs have already accomplished this 90% payout. That does not mean that an STO with a percentage of less than 90% is in violation of the law as their scholarships will increase significantly within the next year or two. These percentages are being monitored annually and if STOs with low percentages do not improve, ADOR will review that program to determine the reason. Percentages for STOs certified to receive individual donations in FY2014

are shown below. The letters “NA” indicate the STO failed to provide FY2014 information or provided incomplete information.

STOs can allow individual donors to make recommendations when donating (although Arizona law prohibits STOs from awarding scholarships solely on the basis of donor recommendations). Only those STOs that have a CPA review are required to report if they accept recommendations. CORPORATE INCOME TAX OR INSURANCE PREMIUM TAX CREDIT PROGRAM – SCHOLARSHIPS FOR LOW-INCOME STUDENTS

The low-income student corporate income tax credit and insurance premium tax credit for contributions to school tuition organizations are governed by A.R.S. § 43-1183, A.R.S. § 20-224.06 and Chapter 15 in Title 43. (This section does not cover the corporate income tax/insurance premium tax credit for scholarships for disabled/displaced students, A.R.S. § 43-1184 and § 20-224.07.) There were 53 STOs certified to receive corporate donations during FY2014.

Donations to STOs for the purpose of receiving the low-income student corporate income tax credit or insurance premium tax credit are limited by statute for each fiscal year. For FY2007, the first year of the program, the limitation was \$10 million. This limitation increases by 20% per year. In FY2014, the limitation was \$35,831,808. The following table shows the amount approved and the number of corporate donation approvals in each fiscal year as opposed to the amount received.

Fiscal Year	Statutory Limitation	# of Corps	\$ Approved ¹⁸	\$ Received
2007	\$10,000,000	108	\$9,740,800	\$9,535,800

2014	\$35,831,808	100	\$36,571,808	\$35,831,808

There were 180 donations approved and 174 donations received in FY2014 for the low-income student corporate/insurance premium credit. The 174 donations received came from 99 corporations. Thirty-four of the 99 corporations were insurance companies donating \$9.5 million. Of the 99 corporations, 69 donated once; the remaining 30 donated from two to nine times.

Corporate donations ranged from \$500 to over \$1 million. The range of donation size by corporation made to an STO is shown in the following table. As shown, 11 corporations made donations of over \$1 million. (There may have been several donations to several STOs, but these numbers aggregate a corporation's donations in the fiscal year.)

Donation Size	#	Donation Size	#
\$1,000 or less	3	\$50,000 to \$99,999	14
\$1,001 to \$9,999	9	\$100,000 to \$249,999	18

¹⁸ Represents the total amount of donations approved. This amount may be higher than the credit limitation due to corporations donating less than the approved amount and therefore additional donation requests are processed.

Appendix XV (pg. 68) shows the number and amount of donations received and the number and amount of scholarships awarded by each STO in FY2014. Of the 53 STOs certified to receive corporate donations in FY2014, 23 received donations of \$35,831,808 in FY2014. Arizona Leadership Foundation received the most low-income corporate donations in FY2014 of \$7 million or 19.5% of the total.

Unlike scholarships from individual income tax credit donations, low-income student corporate income tax and insurance premium tax credit scholarships under this program are restricted to certain students. Recipients of these corporate scholarships must meet specific income limits plus other requirements. (More information can be found at www.azdor.gov.) Additionally, the amount of scholarship that can be awarded is limited. For the 2013-2014 academic year, no more than \$4,900 could be awarded to students in kindergarten through grade 8 and no more than \$6,200 could be awarded to students in grades 9 through 12.

Twenty-five STOs reported paying low-income corporate scholarships in FY2014. These STOs reported 13,118 scholarships totaling \$24,519,525, for an average of \$1,869. Arizona Leadership Foundation paid the highest number of scholarships (\$6.6 million or 27.0% of the total). Catholic Education Arizona awarded the largest number of scholarships (3,730 scholarships or 28.4% of the total). Arizona Independent Schools Scholarship Foundation had the highest overall average scholarship of \$5,569.

Corporate scholarship money went to 228 schools in FY2014. Amounts received by school (from all STOs) ranged from \$5 (4 private schools) to \$1,485,680 (St. Mary's High School). Appendix XI (pg. 50) shows the amount of corporate scholarship money that went to each school, along with the number of scholarships.

STOs also reserved scholarships for specific students for future years. Twelve STOs reserved an additional \$22.9 million in the low-income corporate donation program. AAA Scholarship Foundation reported in FY2014 reserving the largest amount of low-income corporate donations for future year scholarships of \$8.5 million or 37.2% of the total. Appendix V (pg. 31) shows reserved scholarships by school by scholarship program as reported in FY2014. The STOs reserving the scholarships and the amounts reserved are shown in Appendix XV (pg. 68).

All STOs certified to collect corporate donations in FY2014 were evaluated on their status in relation to the requirement that 90% of all revenue must be paid out in scholarships. From an administrative viewpoint, no STO is expected to pay out in scholarships 90% of donations it receives in the current year. There will always be a lag between revenue received and revenue paid out. Some STO ratios are very low because they are still in the early stages of participation in the program. One STO has a percentage greater than 100% due to a large amount of reserved scholarships for specific students in future years. These percentages are being monitored annually, however, and if the STOs with low percentages do not improve, ADOR will review that program to determine the reason. Percentages for STOs participating in the low-income student corporate credit in FY2014 are shown below. The letters "NA" indicate the STO provided incomplete information for FY2014.

CORPORATE INCOME TAX OR INSURANCE PREMIUM TAX CREDIT PROGRAM – SCHOLARSHIPS FOR DISABLED / DISPLACED STUDENTS

The corporate income tax credit and insurance premium tax credit for contributions to school tuition organizations for scholarships for disabled/displaced students are governed by A.R.S. § 43-1184, A.R.S. § 20-224.07 and Chapter 15 in Title 43. There were 53 STOs certified to receive corporate donations during FY2014.

Donations to STOs for the purpose of receiving the corporate income tax credit or the insurance premium tax credit are limited by statute for each fiscal year. The statutory limitation for donations made for the disabled/displaced tax credit is set at \$5 million per fiscal year. The following table shows the amount approved and the number of corporate donation approvals in each fiscal year as opposed to the amount received.

Fiscal Year	Statutory Limitation	# of Corps	\$ Approved	\$ Received
2010	\$5,000,000	6	\$1,478,880	\$1,478,880
2011	\$5,000,000	8	\$1,079,000	\$1,029,000
2012	\$5,000,000	6	\$283,000	\$283,000
2013	\$5,000,000	14	\$3,580,350	\$3,505,350
2014	\$5,000,000	29	\$3,112,745	\$2,957,765

Of the 53 STOs certified to receive corporate donations in FY2014, 11 received donations of \$2,925,845¹⁹ in FY2014.

There were 34 donations approved and 31 donations received in FY2014. Twelve STOs received the 31 donations from 27 corporations. Eight of the 27 corporations were insurance companies donating \$1,086,000. Corporate donations ranged from \$50 to over \$400,000. The range of donation size by corporation made to an STO is shown in the following table.

Donation Size	#	Donation Size	#
\$5,000 or less	5	\$40,000 to \$99,999	5
\$5,001 to \$9,999	3	\$100,000 to \$399,999	4
\$10,000 to \$19,999	3	\$400,000 and over	3
\$20,000 to \$39,999	4		

Appendix XVI (pg. 69) shows the number and amount of donations received and the number and amount of scholarships awarded by each STO in FY2014. Of the 53 STOs certified to receive corporate donations in FY2014, 12 received disabled/displaced donations of \$2,957,765 in FY2014. Arizona School Choice Trust received the most disabled/displaced corporate donations in FY2014 of \$817,747, or 27.6% of total disabled/displaced donations.

Similar to scholarships from the low-income student corporate income tax credit donations, disabled/displaced corporate income tax and insurance premium tax credits scholarships under this program are restricted to certain students. Recipients of disabled/displaced scholarships must provide documentation on meeting the specific eligibility requirements. (More information on the requirements can be found at www.azdor.gov.) The total amount of disabled/displaced scholarship(s) that a student can receive is limited to 90% of state aid or the cost of tuition, whichever is less.

Eight STOs reported paying disabled/displaced corporate scholarships in FY2014. These STOs reported 349 scholarships totaling \$1,622,020, for an average of \$4,647. Arizona Leadership Foundation paid the highest total amount of scholarships (\$1.0 million or 62.5% of the total) and also awarded the largest number of scholarships (163 scholarships or 46.7% of the total). School Choice Arizona paid the highest total overall average scholarship of \$9,141.

Disabled/displaced corporate scholarship money went to 91 schools in FY2014. Amounts received by school (from all STOs) ranged from \$5 (2 private schools) to \$395,832 (Lauren's Institute for Education School). Appendix XI (pg. 50) shows the amount of disabled/displaced scholarship money that went to each school, along with the number of scholarships.

STOs also reserved scholarships for specific students for future years. Five STOs reserved an additional \$575,521 in the disabled/displaced corporate donation program. Tuition Organization for Private Schools reported in FY2014 reserving the largest amount of disabled/displaced corporate donations for future year scholarships of \$225,000 or 39.1% of the total. Appendix V

¹⁹ This number reflects the donations reported by the STOs as deposited in FY14. Due to timing, there were donations that were received in FY14 but not deposited until the beginning of FY15. This report treats the donations as deposited in FY14.

(pg. 31) shows reserved scholarships by school by scholarship program as reported in FY2014. The STOs reserving the scholarships and the amounts reserved are shown in Appendix XVI (pg. 69).

All STOs certified to collect corporate donations in FY2014 were evaluated to see their status in relation to the requirement that 90% of all revenue must be paid out in scholarships. From an administrative viewpoint, no STO is expected to pay out in scholarships 90% of donations it receives in the current year. There will always be a lag between revenue received and revenue paid out. Some STO ratios are very low because they are still in the early stages of participation in the program. ADOR is not currently concerned with the percentage of any STO. These percentages are being monitored annually, however, and if the STOs with low percentages do not improve, ADOR will review that program to determine the reason. Percentages for STOs certified to receive corporate donations and participating in the disabled/displaced student corporate credit in FY2014 are shown below.

PRIVATE SCHOOLS IN ARIZONA

The final table at the end of this report, Appendix XVII (pg. 70), lists every private school that has received scholarship revenue from the private school tuition organization income tax credit programs and the estimated amounts received from all three programs since 1998. The amounts are estimated for two reasons. For the first several years of the private school tuition organization tax credit program, there was no requirement for the STOs to report. Although some did report at ADOR request, some did not or only reported partially. Therefore, the early year figures are incomplete. Secondly, the reporting period changed from calendar year to fiscal year, beginning with FY2011. The amount of scholarships by school that were duplicated in the CY2010 and FY2011 numbers was estimated.
