CORPORATE TAXPAYERS:

Laws 1999, Ch. 318, §§ 8 and 10, repealed the corporate tax credit (ARS § 43-1164), effective for taxable years beginning from and after December 31, 1999. Corporate taxpayers, including S corporations and corporate partners of a partnership, no longer qualify for the recycling equipment credit. Since an S corporation no longer qualifies for the credit, an S corporation cannot pass the credit through to its shareholders. A partnership cannot pass the credit through its corporate partners.

However, Laws 1999, Ch. 318, § 9, provides that corporate taxpayers may claim carryovers of unused tax credits from taxable years beginning prior to January 1, 2000, consistent with the provisions of the repealed credit (ARS § 43-1164). The carryovers can be claimed for taxable years beginning on or before December 31, 2005. Corporate taxpayers cannot claim carryovers after taxable year 2005. Any remaining carryovers of unused credits from taxable years beginning before January 1, 2000, are lost after the taxable year 2005.

The carryforward period applies separately for each piece of recycling equipment for which a credit was computed in taxable years beginning before January 1, 2000. If the recycling equipment has been in service for less than 5 taxable years and ceases to be recycling equipment or is transferred to another person, the portion of the unused credit carryovers relating to that recycling equipment is lost.

The portion of the total available credit carryover that may be claimed by the corporate taxpayer is limited to the *lesser* of 25 percent of the amount of tax entered on Form 300, Part II, line 29 or \$5,000.
