taxpayer to determine which tax credit(s) to claim and the amount to claim for a particular tax credit, the taxpayer must consider any limitations on the allowable amount of a particular tax credit and whether the unused portion of a particular tax credit may be carried forward.

Line 30 - Defense Contracting Credits

There are two tax credits for qualified defense contractors. The unused portion of both tax credits from taxable years open under the statute of limitations as of August 9, 2001, may be carried forward until taxable years beginning from and after December 31, 2011, regardless of continuing certification as a qualified defense contractor. Enter the amount claimed.

Line 31 - Enterprise Zone Credit

The unused portion of this tax credit may be carried forward for five succeeding taxable years, provided the business remains in the enterprise zone. If the business relocates outside of the enterprise zone, the carryover of the tax credit is lost. EFFECTIVE FOR TAXABLE YEARS BEGINNING FROM AND AFTER DECEMBER 31, 2000: If the enterprise zone is terminated, the business may carry forward the unused portion of this tax credit provided that the business remains at the location that formerly was in an enterprise zone. Enter the amount claimed.

Line 32 - Environmental Technology Facility Credit

The unused portion of this tax credit may be carried forward for fifteen succeeding taxable years. If the taxpayer is subject to the tax related to recapture of this tax credit for the facility, the carryover of the tax credit is reduced by the percentages listed in the Form 305 instructions.

The portion of the available credit amount from Part I, line 3, that may be claimed by the taxpayer is limited to 75 percent of the amount of tax entered on line 29. Enter the amount claimed.

Line 33 - Military Reuse Zone Credit

The unused portion of this tax credit may be carried forward for five succeeding taxable years if the business remains in the military reuse zone. If the business relocates outside of the military reuse zone, the carryover of the tax credit is lost. Enter the amount claimed.

Line 34 - Recycling Equipment Credit

Carryovers of unused tax credits from taxable years beginning prior to January 1, 2000, may be carried forward consistent with the provisions of the repealed credit (ARS § 43-1164). The carryovers can be claimed for taxable years beginning on or before December 31, 2005. Corporate taxpayers cannot claim carryovers after taxable year 2005. Any remaining carryovers of unused credits from taxable years beginning before January 1, 2000, are lost after the taxable year 2005.

The carryforward period applies separately for each piece of recycling equipment for which a credit was computed in taxable years beginning before January 1, 2000. If the recycling equipment has been in service for less than 5 taxable years and ceases to be recycling equipment or is

transferred to another person, the portion of the unused credit carryovers relating to that recycling equipment is lost.

The portion of the available credit amount from Part I, line 5, that may be claimed by the taxpayer is limited to the *lesser* of 25 percent of the amount of tax entered on line 29 or \$5,000. Enter the amount claimed.

LIMITATION ON USE OF CREDIT CARRYOVERS [CARRYOVER OF CREDIT FOR INCREASED RESEARCH ACTIVITIES (FROM TAXABLE YEARS BEGINNING FROM AND AFTER DECEMBER 31, 2000, AND BEFORE JANUARY 1, 2003) AND CONVERSION CREDIT CARRYOVER]. The portion of the available credit carryovers included in the amount from Part I, line 6, that may be claimed by the taxpayer is limited to the LESSER OF: (a) the tax liability (Part II, line 29), or (b) \$500,000, MINUS the current year credit for increased research activities (regardless of the amount of the current year credit that is claimed on the tax return). [If the current year credit for increased research activities is \$500,000 or more, the taxpayer cannot use the credit for increased research activities carryover and the conversion credit carryover in that taxable year. If the current year credit is less than \$500,000, the limitation on use applies to the aggregate of the credit for increased research activities carryover and the conversion credit carryover.] Compute the limitation in the table below.
