2005 PUBLIC SCHOOL CONTRIBUTIONS/FEES Individual Income Tax Credit

Arizona Revised Statute 43-1089.01 allows a non-refundable credit up to \$300 for fees or cash contributions paid to a public school for the support of extracurricular activities or character education programs.

Beginning with the 2003 calendar year, public (which includes charter) schools are required to file a report with the Department of Revenue by February 28 of each year indicating the number of donors and their total contributions and/or fees paid, and the amount of contributions and/or fees spent. The report is to be filed regardless if contributions or fees are collected or spent.

For tax year 2005, Public Schools reported 214,664 people donated \$35.26 million and \$28.46 million was spent on extracurricular or character education programs. The contributions/fees and expenditures amounts most likely should not agree on the report as most contributions are received late in the calendar year and are not utilized until the following year.

The table titled “2005 Public School Donors and Contributions/Fees Received for Extracurricular Activities or Character Education Programs” lists by district the total amount of donors and the total dollar amount of fees/contributions received and spent. A bold font in the name field indicates that one or more school in that district did not submit a report; a shaded box in the data area indicates no school in that district submitted a report; a \$0 entry indicates the district reported receiving/spending no contributions or fees. The following table shows those districts that reported receiving contributions/fees in excess of \$1 Million; these ten districts accounted for 52% of all the contributions received:
