**2009 PUBLIC SCHOOL REPORT
INDIVIDUAL INCOME TAX CREDIT FOR THE SUPPORT OF
EXTRACURRICULAR ACTIVITIES OR CHARACTER EDUCATION PROGRAMS**

Arizona Revised Statute § 43-1089.01 provides a non-refundable individual tax credit for fees and cash contributions paid to public schools in Arizona for the support of extracurricular activities or character education programs. This credit is available only to individuals.¹ The credit is equal to the amount of fees paid or amount contributed up to \$200 for single or heads of household taxpayers and up to \$400 for married taxpayers that file a joint return.²

Extracurricular activities are school sponsored activities that require enrolled students to pay a fee in order to participate. The activities must supplement the school's education program. Extracurricular activities may include use of band uniforms, use of equipment or uniforms for varsity athletics, use of scientific laboratory equipment or materials, or in-state or out-of-state trips that are solely for competitive events. Extracurricular activities do not include any senior trips or events that are recreational, amusement or tourist activities.

A character education program is a program defined in Arizona Revised Statute § 15-719. At a minimum, the character education program must include instruction in the definition and application of at least six of the following twelve character traits: truthfulness, responsibility, compassion, diligence, sincerity, trustworthiness, respect, attentiveness, obedience, orderliness, forgiveness and virtue.

The school must provide instruction in grades kindergarten through 12. Contributions made or fees paid to a non-governmental school, a pre-school, a community college, a university, or a public school located outside of Arizona do not qualify for this credit.

Public Schools must report on a calendar year basis to the Arizona Department of Revenue by February 28th of each year indicating the total number of donors, the total dollar amount of fees and contributions received during the previous calendar year and the amount spent during the previous calendar year. The report is to be filed regardless if the school received any fees or contributions or had any expenditures associated with these funds.

For calendar year 2009, Public Schools (which includes Charter Schools) reported receiving \$42,672,293 in fees or cash contributions from 239,103 donors for the support of extracurricular activities or character education programs. This represents a 5.5% decrease over the \$45,164,366 reported for 2008. The average fee or cash contribution per donor was \$178 for 2009 compared to an average of \$193 per donor for 2008. Public Schools reported spending \$41,480,046 or 97.2% of the \$42.7 million received in calendar year 2009. For 2008, schools reported spending \$43,725,052 or 96.8% of the \$45.2 million received. The fees or cash contributions received generally will not equal the amount spent during the calendar year as many contributions are received late in the calendar year and are not utilized until the following year.

¹ Corporations may not claim this credit. A partnership may not pass the credit through to its partners. An S corporation may not pass the credit through to its shareholders.

² If married taxpayers file separate returns, each spouse may claim only half of the credit that would have been allowed on a joint return.

The table below summarizes the fees or cash contributions for the support of extracurricular activities or character education programs reported by Public Schools on a calendar year basis.
