

PRIVATE SCHOOL TUITION ORGANIZATION INCOME TAX CREDITS IN ARIZONA: A SUMMARY OF ACTIVITY FY 2011

Arizona has three income tax credits for taxpayer donations to school tuition organizations (STOs). One credit is for donations by individuals¹ and the other two credits are for corporate donations.² (The corporate donations can be claimed as a tax credit against corporate income tax or insurance premium tax.) Effective with Fiscal Year 2011 (July 1, 2010 through June 30, 2011), STOs report on a fiscal year basis after 13 years of calendar year reports. Therefore, the information contained here is a merging of calendar year and fiscal year data.

CERTIFICATION

Arizona law requires an STO to be certified by the Arizona Department of Revenue (ADOR) before it can begin collecting donations for tax credit purposes. The STO must be certified to collect donations from individuals and it must be certified to collect donations from corporations. For corporate donations, this certification was required to collect any donations from the effective date of the legislation requiring certification, which was July 29, 2010. However, for individual donations, certification was required from January 1, 2011 forward. Therefore, all previously-operating STOs were able to collect individual donations through the end of calendar year 2010 without certification.

Appendix I lists all STOs which collected donations during Fiscal Year 2011 and their certification period. A total of 57 STOs operated in Fiscal Year 2011 and/or were certified to operate in Fiscal Year 2011. Thirteen STOs that were certified for individual donations did not seek corporate certification. Four STOs that were certified for corporate donations did not seek individual certification. Two STOs collected individual donations in the first half of Fiscal Year 2011 but decided to discontinue operation when the certification process began.

TOTAL REVENUE

Beginning in Fiscal Year 2011, STOs were required to report total revenues for the fiscal year in addition to total donations. Total revenues would include other income sources in addition to donations for purposes of the tax credit, like interest earned on donations, grants, employer matching funds when employees contribute, etc. STOs reported revenues of \$811,833 in excess of tax-credit donations. Appendix II lists those

² A.R.S. §§ 43-1183 and 1184 or A.R.S. §§ 20-224.06 and 20-224.07

STOs with revenues in excess of tax-credit donations. (Revenue and donations shown are from all three credits.) Twenty-eight STOs reported that their revenue equaled their donations, meaning that they had no non-tax credit revenue; these STOs are not listed on Appendix II.

TOTAL DONATIONS

Donations to STOs since the beginning of the individual credit in 1998 through the end of Fiscal Year 2011 total \$509.5 million. Individual donations have made up the majority of this amount, 89.4%, because of the longer period of time in which this credit has been available and because of a greater volume of donations. The following table shows total donations from each credit type.

Time Period	Individual Donations	Low-Income Student Corporate Donations	Disabled-Displaced Corporate Donations	Total Donations
CY1998 ³	\$1,815,798			\$1,815,798

Of all donations from both corporate and individual donors since 1998, the Catholic Tuition Organization of the Diocese of Phoenix has collected the most at \$112.2 million or 22% of all donations. The second largest recipient of donations has been the Arizona Christian School Tuition Organization at \$96.1 million or 18.9% of all donations (although this organization only accepts individual donations). Appendix III shows every

organization that has received donations, with the total received by credit type, since 1998. The STOs that are highlighted are no longer operational.

TOTAL SCHOLARSHIPS

Scholarships from STOs since the beginning of the individual credit in 1998 through the end of Fiscal Year 2011 total \$444.3 million. Scholarships from individual donations have made up the majority of this amount, 92.3%, because of the longer period of time in which this revenue has been available and because of fewer restrictions on scholarships from individual donations than from corporate donations. The following table shows total scholarships from each credit type.

Time Period	Scholarships from Individual Donations	Scholarships from Low-Income Student Corporate Donations	Scholarships from Disabled-Displaced Corporate Donations	Total Scholarships
CY1998	\$103,790			\$103,790

TOTAL	\$410,112,676	\$32,752,417	\$1,409,271	\$444,274,365

As with donations, the Catholic Tuition Organization of the Diocese of Phoenix has paid the most in scholarships since 1998 at \$99.4 million, or 22.4% of all scholarships. The STO paying out the second largest amount in scholarships is the Arizona Christian School Tuition Organization at \$88.7 million or 20% of all scholarships. Appendix IV shows every organization that has paid scholarships, with the total paid by credit type, since 1998. The STOs that are highlighted are no longer operational.

SALARIES PAID

STOs are required by statute to report the names, job titles and salaries of the three highest-paid employees. The 55 STOs that were certified in Fiscal Year 2011 reported this information. Out of these 55 STOs, 37 (67.3%) were staffed by volunteers. Arizona Private Education Scholarship Fund did not have any employees; however, they did

contract with another organization to provide staff. Appendix V lists the 18 STOs that reported salaries.

AUDIT OR REVIEW PROCESS

STOs certified in Fiscal Year 2011 have reported using 30 CPA firms. (Four STOs did not need an audit or review because they did not receive donations in Fiscal Year 2011. One STO, Just Friends of Education, has failed to provide letters of engagement at this point.) Those CPAs are listed in Appendix VI. Estimates of the cost of the audit or review range from \$500 to \$17,000. Final figures for the cost of the audit or review will not be available until Fiscal Year 2012.

INDIVIDUAL INCOME TAX CREDIT PROGRAM

There were 51 STOs that received donations in Fiscal Year 2011. (Two of these, Flagstaff Scholarship Fund and Foundation for Lutherans Interested in Funding Education, were only active until December 31, 2010 and did not get certified for further operations.) A total of \$51.7 million in revenue was reported in the fiscal year and \$51.4 million in tax credit donations from 74,687 taxpayers.

The following table shows the number of STOs operating in each period, the number of donations and the amount of tax credit donations. Percent change is calculated for prior calendar year amounts reported. As this is the first fiscal year time period being reported, no percent change can be calculated for this year.

Appendix VII shows donations for each STO for Fiscal Year 2011 (and scholarships for each STO as well). Appendix VIII shows donations for STOs that collected money in the 2nd half of Fiscal Year 2011 plus four years of calendar year donation history. It is important to remember when reviewing this table that the first column of donations is for a 6-month period and is not directly comparable to the calendar year history shown. Showing the donations for all of Fiscal Year 2011 would result in double-counting some donations that were received between July 1 and December 31; this time period occurs in both Fiscal Year 2011 and Calendar Year 2010.

The following table shows the number of STOs providing scholarships in each period, the number of scholarships and the amount of scholarships paid. (For the calendar years prior to 2003, the numbers are soft; reporting was not statutorily-required at that time.) Percent change is calculated for prior calendar year amounts reported. As with the donations table above, no percent change is calculated for Fiscal Year 2011 as this is the first fiscal year reporting period. Please note that the number of scholarships paid does not equate to the number of students receiving scholarships. Many families seek scholarships from multiple STOs, resulting in one child being counted several times in the scholarship counts.

The range of average scholarship amounts paid by STOs is from \$530.66 (Chaparral Mission Scholarship Fund) to \$13,413.82 (School Choice Arizona). Average scholarship ranges and the number of STOs with scholarships falling in each range is shown in the following frequency distribution.

Arizona Scholarship Fund provided scholarships to 146 schools, more than any other STO. Appendix X lists the number of schools to which each STO provided scholarships and the average scholarship the STO paid out. The information on the number of schools to which each STO paid scholarships is aggregated in the following table. As shown, seven STOs gave scholarships to only one private school.

STOs provided scholarships and grants to 351 private schools throughout Arizona. One private school, Christ Lutheran School in Phoenix, received scholarships or grants from 12 STOs. The following table shows the number of STOs contributing scholarship money to the private schools. In other words, referring to the table below, 142 private schools received scholarship money from one STO.

Five private schools received more than \$1 million in total from all STOs. The most scholarship money received by one private school from all STOs was \$1,483,187 for 635 scholarships to Cornerstone Christian Academy/Pusch Ridge Academy. (This is one school but kindergarten through sixth grade is Cornerstone Christian Academy and seventh grade through twelfth grade is Pusch Ridge Academy.) Appendix XI lists the 351 private schools that received scholarship money, the number of scholarships, the amount of scholarships and the average scholarship amount.

The smallest average scholarship paid by an STO to a private school was \$50 paid by the Arizona Scholarship Fund to Atonement Lutheran School in Glendale. Ten private

schools received average scholarships from STOs for more than \$10,000. The highest average scholarship paid by an STO to one private school was \$19,055.57 paid by School Choice Arizona to the Foundation for Blind Children School.

The following table presents the distribution of average scholarships. For example, the average scholarship received by four private schools (from all STOs) was between \$1 and \$250. Five private schools received scholarships on average of between \$10,000 and \$20,000.

Avg. Scholarship Range	# of Private Schools with Avg. Scholarships in this Range	Avg. Scholarship Range	# of Private Schools with Avg. Scholarships in this Range

In terms of where the scholarship money went within Arizona, the most money went to schools within the City of Phoenix. About 35% of the scholarships went to 75 private schools in Phoenix and almost 34% of the money. As would be expected, 67% of the scholarships and of the scholarship money went to schools in Maricopa County. The following table shows the number of scholarships, the amount of scholarships and the average scholarship paid out by county in Fiscal Year 2011.

Appendix XII shows the cities and towns within which the scholarship money was received, the number of scholarships, total scholarships and the average scholarship amount.

The statutory guidelines that became effective January 1, 2011 had a new requirement for the STOs participating in the individual income tax credit program. From January 1, 2011 forward, family income information must be collected on all recipients of scholarships from individual donations. The STOs are required to annually report the amount of scholarships going to students with family incomes up to 185% of poverty level and the amount of scholarships going to students with family income from more than 185% of poverty level to 342.25% of poverty level.

All STOs did report this information but it was only for scholarships paid from January 1, 2011 through June 30, 2011. Since this information is not for a full fiscal year and could be distorted as a result of scholarship time tables for each STO, it will not be reported in this report. It will be published in all future fiscal year reports.

All STOs certified to collect individual donations in Fiscal Year 2011 were evaluated to see their status in relation to the requirement that 90% of all revenue must be paid out in scholarships. From an administrative viewpoint, no STO is expected to pay out in scholarships 90% of donations it receives in the current year. There will always be a lag between revenue received and revenue paid out. Having said that, many STOs are able to accomplish this 90% payout. That does not mean that an STO with a percentage of less than 90% is in violation of the law. ADOR is not currently concerned with the percentage of any STO. These percentages are being monitored annually, however, and if the STOs with low percentages do not improve within a year or two, ADOR will be compelled to review that program to determine the reason. Percentages for STOs certified to receive individual donations in Fiscal Year 2011 are shown below.

CORPORATE INCOME TAX OR INSURANCE PREMIUM TAX CREDIT PROGRAM – SCHOLARSHIPS FOR LOW-INCOME STUDENTS

The low-income student corporate income tax credit and insurance premium tax credit for contributions to school tuition organizations are governed by A.R.S. § 43-1183, A.R.S. § 20-224.06 and Chapter 15 in Title 43. (This section does not cover the corporate income tax/insurance premium tax credit for scholarships for disabled/displaced students, A.R.S. § 43-1184 and § 20-224.07.) ADOR certified 42 STOs to receive corporate donations during Fiscal Year 2011.

Donations to STOs for the purpose of receiving the low-income student corporate income tax credit or insurance premium tax credit are limited by statute for each fiscal year. For fiscal year 2007, the first year of the program, the limitation was \$10 million. This limitation increases by 20% per year. In Fiscal Year 2011, the limitation was \$20.736 million. The following table shows the amount approved in each fiscal year as opposed to the amount received.

Fiscal Year	Statutory Limitation	# of Corps	\$ Approved	\$ Received
2007	\$10,000,000	108	\$9,740,800	\$9,535,800
2008	\$12,000,000	73	\$12,116,000	\$11,996,000 ¹³
2009	\$14,400,000	98	\$10,816,006	\$10,495,506
2010	\$17,280,000	63	\$8,121,508	\$8,100,008
2011	\$20,736,000	69	\$11,376,351	\$11,324,351

Of the 42 STOs certified to receive corporate donations in Fiscal Year 2011, 17 reported receiving revenue of \$11,673,886 related to the low-income student corporate credit during that period. Actual revenue for the period was \$11,373,886; one STO that received \$300,000 transferred that money to three other STOs. Therefore, both STOs reported the \$300,000. The actual revenue of \$11,373,886 can be compared to total donations for that period of \$11,227,351, a difference of \$146,535.

There were 109 donations approved and received in Fiscal Year 2011 for the low-income student corporate/insurance premium credit; one donation approved in Fiscal Year 2010 was not received until Fiscal Year 2011. Fourteen STOs received the 110 donations (\$11,227,351) from 69 corporations. (Ten of the 69 corporations are insurance companies.) Of the 69 corporations, 50 donated once; the remaining 19 donated from two to five times. The following table shows the number and amount of donations received by each STO in Fiscal Year 2011.

School Tuition Organization	# of Low-Income Student Corporate Donations	Total Low-Income Student Donations
Arizona Episcopal Schools Foundation	1	\$25,000
Arizona Independent Schools Scholarship Foundation	3	\$830,000
Arizona Private Education Scholarship Fund	2	\$54,000

¹³ The entire \$12 million was approved in the fiscal year. Two corporations, each donating \$2,000, requested a refund after the fiscal year ended when it became clear that the program does not work for S corporations that pass their tax liability through to shareholders.

Appendix XIII shows donations for STOs that collected money in the 2nd half of Fiscal Year 2011 or during the four prior calendar years. It is important to remember when reviewing this table that the first column of donations is for a 6-month period and is not directly comparable to the calendar year history shown. Showing the donations for all of Fiscal Year 2011 would result in double-counting some donations that were received between July 1 and December 31 as this time period occurs in both Fiscal Year 2011 and Calendar Year 2010.

Corporate donations ranged from \$200 to over \$1 million. The range of separate donations made to an STO is shown in the following table.

Donation Size	#	Donation Size	#
\$1,000 or less	6	\$50,000 to \$99,999	18
\$1,001 to \$4,999	11	\$100,000 to \$249,999	19
\$5,000 to \$9,999	7	\$250,000 to \$499,999	10
\$10,000 to \$24,999	20	\$500,000 and over	5
\$25,000 to \$49,999	14		

The Catholic Tuition Organization of the Diocese of Phoenix received the most corporate donations for the low-income student corporate/insurance premium credit, 33 donations from 28 corporations, for a total of \$3,544,510. Five STOs received only one donation.

Unlike scholarships from individual income tax credit donations, low-income student corporate income tax and insurance premium tax credit scholarships under this program

are restricted to certain students. Recipients of these corporate scholarships must meet the following guidelines:

1. Family income cannot exceed 185% of the income limit required to qualify a child for reduced priced lunches under the national school lunch and child nutrition acts. (Maximum annual income of \$76,494 for a family of four in 2011.)
2. The student receiving the scholarship must meet one of the following :
 - a. Attended a governmental primary or secondary school full-time for at least the first 100 days of the prior fiscal year and then transferred to a qualified private school in a subsequent year.
 - b. Enroll in a qualified private school in a kindergarten program.
 - c. Received a scholarship under one of the two previous guidelines and continues to attend a qualified private school in a subsequent year.
3. For the 2011/2012 academic year, a school tuition organization cannot issue a scholarship in an amount that exceeds:
 - a. \$4,700 for students in kindergarten through grade 8.
 - b. \$6,000 for students in grades 9 through 12.

Twenty STOs reported paying scholarships in Fiscal Year 2011. These STOs reported 4,578 scholarships totaling \$9,189,905, for an average of \$2,007. Shown below is the number and amount of scholarships from each STO and the number of schools.

The Catholic Tuition Organization of the Diocese of Phoenix provided the most scholarships. The Arizona Independent Schools Scholarship Foundation provided the highest average scholarship. The Institute for Better Education provided scholarships to the most schools. Three STOs provided scholarships to only one school.

Appendix XIV shows low-income student scholarships paid in the 2nd half of Fiscal Year 2011 and four calendar years of scholarship history.

Corporate scholarship money went to 190 schools in Fiscal Year 2011. Amounts received by school ranged from \$10 (Blessed Sacrament Kindergarten) to \$828,605 (St. Mary's High School). Appendix XV shows the amount of corporate scholarship money that went to each school, along with the number of scholarships and the average scholarship.

In terms of where the corporate scholarship money went within Arizona, the most money went to schools within the City of Tucson. About 36% of the scholarship money went to private schools in Tucson. As would be expected, 49% of the scholarship money went to schools in Maricopa County. The following table shows the number of scholarships, the amount of scholarships and the average scholarship paid out by county in Fiscal Year 2011.

Appendix XVI shows the cities and towns within which the scholarship/grant money was received, the number of scholarships, total scholarships and the average scholarship amount.

All STOs certified to collect corporate donations in Fiscal Year 2011 were evaluated to see their status in relation to the requirement that 90% of all revenue must be paid out in scholarships. From an administrative viewpoint, no STO is expected to pay out in scholarships 90% of donations it receives in the current year. There will always be a lag between revenue received and revenue paid out. ADOR is not currently concerned with the percentage of any STO. These percentages are being monitored annually, however, and if the STOs with low percentages do not improve within a year or two, ADOR will be compelled to review that program to determine the reason. Percentages for STOs certified to receive and participating in the low-income student corporate credit in Fiscal Year 2011 are shown below.

CORPORATE INCOME TAX OR INSURANCE PREMIUM TAX CREDIT PROGRAM – SCHOLARSHIPS FOR DISABLED/DISPLACED STUDENTS

The corporate income tax credit and insurance premium tax credit for contributions to school tuition organizations for scholarships for disabled/displaced students are governed by A.R.S. § 43-1184, A.R.S. § 20-224.07 and Chapter 15 in Title 43. ADOR certified 42 STOs to receive corporate donations during Fiscal Year 2011.

Donations to STOs for the purpose of receiving the corporate income tax credit or the insurance premium tax credit are limited by statute for each fiscal year. The statutory limitation for donations made for the disabled/displaced tax credit is set at \$5 million per fiscal year. The following table shows the amount approved in each fiscal year as opposed to the amount received.

Fiscal Year	Statutory Limitation	# of Corps	\$ Approved	\$ Received
2010	\$5,000,000	6	\$1,478,880	\$1,478,880
2011	\$5,000,000	8	\$1,079,000	\$1,029,000

Of the 42 STOs certified to receive corporate donations in Fiscal Year 2011, only 5 reported revenue of \$1,205,067 during that period for disabled/displaced corporate donations. This compares to donations of \$1,204,000, a difference of \$1,067.

There were 14 donations approved and received in Fiscal Year 2011; one donation approved in Fiscal Year 2010 was not received until Fiscal Year 2011. Five STOs received the 15 donations from 8 corporations. Five of the 8 corporations were insurance companies, donating \$984,000. Of the 8 corporations, 5 donated once; the remaining 3 donated from two to five times.

¹⁴ This is the first year Valley Lutheran Scholarship Organization has participated in the low-income student corporate donation program. As is normal with first-year participation, revenue was received but no scholarships were yet paid out.

School Tuition Organization	# of Corporate Disabled/Displaced Donations	Total Disabled/Displaced Donations
Arizona School Choice Trust	2	\$118,000
Institute for Better Education	5	\$210,000
New Valley Education Partners	3	\$360,000
School Choice Arizona	3	\$100,000
Tuition Organization for Private Schools	2	\$416,000

Appendix XVII shows the history of corporate donations for disabled/displaced student scholarships. The Fiscal Year 2011 information is only for the January 1, 2011 through June 30, 2011 period, or 6 months, because the donations received in the first half of Fiscal Year 2011 are already included in the Calendar Year 2010 figures. It is important to remember when reviewing this table that the first column of donations is for a 6-month period and is not directly comparable to the calendar year history shown.

Corporate donations ranged from \$10,000 to over \$300,000. The range of separate donations made to an STO is shown in the following table.

Donation Size	#	Donation Size	#
\$1,000 or less	0	\$50,000 to \$99,999	5
\$1,001 to \$4,999	0	\$100,000 to \$249,999	3
\$5,000 to \$9,999	0	\$250,000 to \$499,999	1
\$10,000 to \$24,999	4	\$500,000 and over	0
\$25,000 to \$49,999	2		

The Institute for Better Education received the most corporate disabled/displaced donations, 5 donations from 2 corporations while the Tuition Organization for Private Schools was the largest recipient of corporate disabled/displaced donations at \$416,000. The following table shows the number and amount of disabled/displaced corporate donations received by each STO in Fiscal Year 2011.

Recipients of disabled/displaced scholarships must meet the following guidelines:

1. The student must have an Arizona individualized education plan (IEP), 504 plan or have been placed in the Arizona foster care system.
2. The student receiving the scholarship must meet one of the following :
 - a. Received a grant or scholarship from the former Arizona Department of Education program in the 2008/09 academic year; or Enroll in a qualified private school in a kindergarten program.

- b. Attended a governmental primary or secondary school full-time for at least the first 100 days of the prior fiscal year and then transferred to a qualified private school; or
 - c. Received a scholarship under one of the two previous guidelines and continues to attend a qualified private school in a subsequent year.
3. The amount of the scholarship shall not exceed the lesser of the cost of tuition or 90% of the amount of state aid that would have been computed for the student to attend public school.

Five STOs reported paying out scholarships in Fiscal Year 2011. These STOs reported 115 scholarships totaling \$561,029 for an average of \$4,878. Shown below is the number and amount of disabled/displaced scholarships from each STO and the number of schools.

School Tuition Organizations	# of Scholarships	Scholarship \$	Avg. Scholarship	# of Schools
Arizona School Choice Trust	1	\$19,872	\$19,872.00	1
Financial Assistance for Independent Schools	24	\$95,822	\$3,992.60	1
Institute for Better Education	57	\$76,490	\$1,341.93	34
School Choice Arizona	2	\$13,792	\$6,896.00	2
Tuition Organization for Private Schools	31	\$355,052	\$11,453.30	9

The Institute for Better Education provided the most scholarships at 49.6% of the total scholarships awarded. The Arizona School Choice Trust provided the highest average scholarship of \$19,872. The Institute for Better Education provided scholarships to the most schools. Two STOs provided scholarships to only one school.

Appendix XVIII shows disabled/displaced student scholarships paid since the beginning of the program. Note that the Fiscal Year 2011 figures are only those scholarships paid out in the second half of the fiscal year; scholarships paid out in the first half of the fiscal year are included in the Calendar Year 2010 figures.

Corporate disabled/displaced scholarship money went to 44 schools in Fiscal Year 2011. Amounts received by school ranged from \$250 (Immaculate Heart High School) to \$267,833 (Lauren's Institute for Education). Appendix XIX shows the amount of corporate disabled/displaced scholarship money that went to each school, along with the number of scholarships and the average scholarship.

In terms of where the disabled/displaced corporate scholarship money went within Arizona, the most money went to schools located in Maricopa County. About 82% of the scholarship money went to private schools in Maricopa County. The following table shows the number of scholarships, the amount of scholarships and the average scholarship paid out by county in Fiscal Year 2011.

County	# of Scholarships	Scholarship \$	Avg. Scholarship

PRIVATE SCHOOLS IN ARIZONA

The final table at the end of this report, Appendix XX, lists every private school that has received scholarship revenue from the private school tuition organization income tax credit programs and the estimated amounts received from all three programs since 1998. The amounts are estimated for two reasons. For the first several years of the private school tuition organization tax credit program, there was no requirement for the STOs to report. Although some did report at ADOR request, some did not or only reported partially. Therefore, the early year figures are incomplete. For Fiscal Year 2011, only scholarships paid out between January 1 and June 30 are included in the totals. Some STOs did not break out the amounts by school into the two 6-month periods; therefore, those numbers were estimated.
