ALTERNATIVE FUEL VEHICLES CREDIT

Statute: A.R.S. § 43-1086
Effective Date: For taxable years from and after 12/31/93
Repealed: To qualify for the credit, a contract or purchase order for the vehicle must have been entered into prior to 10/21/00. No refundable credit is allowed for taxable years ending after 12/31/01. The nonrefundable credit was repealed with the passage of the refundable credit language.

Provisions: A credit is allowed for (1) purchase or lease, for a period of at least 3 years, of one or more new original equipment manufactured alternative fuel vehicles or (2) expenses incurred for converting one or more conventionally fueled vehicles to operate on an alternative fuel. *This credit was refundable for tax years 2000 and 2001 only.*

- Credit:** The amount of the credit is equal to:
1. For low emission vehicles 12,000 pounds or less, the greater of 30% of cost or \$5,000 if new or the greater of 15% of the cost or \$2,500 if used.
 2. For an ultralow or inherently low emission vehicle, the greater of 40% of cost or \$7,500 if new or the greater of 20% of the cost or \$3,750 if used.
 3. For a zero or super ultralow emission vehicle, the greater of 50% of cost or \$10,000 if new or the greater of 25% of the cost or \$5,000 if used.
 4. For a used zero emission vehicle that is leased, the greater of 25% of cost or \$2,500.
 5. For a low emission vehicle over 12,000 pounds, the greater of 30% of cost or \$30,000 if new or the greater of 15% of the cost or \$15,000 if used.
 6. For conversion of a vehicle over 12,000 pounds, the greater of 30% of vehicle purchase price plus conversion cost or 30% of the original manufacturer's base retail price or \$30,000.
 7. For purchase of converted vehicles over 12,000 pounds, the greater of 15% of cost or \$15,000.
 8. For conversion of any other vehicle, the greater of 30% of vehicle purchase price plus conversion cost or 30% of the original manufacturer's base retail price of the vehicle or \$5,000.
 9. For purchase of any other converted vehicle, the greater of 15% of cost or \$2,500.

This language replaced another alternative fuel vehicle credit that allowed much less credit; the previous credit was for a maximum amount of \$1,000 per vehicle

Effective Date: For taxable years from and after 12/31/94.

Repealed: For taxable years ending before 1/1/00. Repeal date set when credit enacted.

Provisions: A nonrefundable credit is allowed for new construction materials incorporated into a qualifying facility located entirely within Arizona, construction of which is begun on or after 1/1/94 and completed on or before 12/31/99. A qualifying facility means a new building or structure, or expansion of an existing building or structure predominantly used for manufacturing, fabricating, mining, refining, metallurgical operations, direct broadcast satellite television or data transmission services or research and development and which has a total cost of construction in excess of \$5 million.

Carry forward: Five years.

Claims have been recorded for this credit for tax year 1999 (4 claims), 2000 (2 claims), 2001 (1 claim), 2003 (1 claim) and 2004 (1 claim) but there are too few to release additional information.

CONTRIBUTIONS TO CHARITIES THAT PROVIDE ASSISTANCE TO THE WORKING POOR CREDIT

Statute: A.R.S. § 43-1088

Effective Date: For taxable years from and after 12/31/97

Provisions: A nonrefundable credit is allowed for voluntary cash contributions to a qualifying charitable organization. A qualifying charitable organization means a 501(c)(3) that spends at least 50% of its budget on services to Arizona residents who receive TANF benefits or low income residents of this state and their households. Low income individuals means persons whose household income is less than 150% of the federal poverty level. The credit applies only to contributions to qualifying charitable organizations that exceed the total amount deducted on the taxpayer's Schedule A in the taxpayer's baseline year. The baseline year is the 1996 taxable year if the taxpayer had charitable contributions as itemized deductions on the Schedule A. If the taxpayer did not deduct charitable contributions on the Schedule A in 1996, the taxpayer's baseline year is the first taxable year after 1996 that charitable contributions were deducted on the Schedule A.

For taxable years 2009 and later, the baseline year requirement was eliminated. However to claim the credit for taxable year 2009 and later the taxpayer must claim itemized deductions on the return filed for the year in which the credit is claimed,

Credit: The credit is the amount of the voluntary cash contribution, not to exceed \$400 for married filing joint filers and \$200 for all other filing statuses.

Carry forward: Five years.

For taxable years 1998 through 2001, tax returns were reviewed to obtain the contribution, total credit amount, credit amount used and carry forward amounts. For taxable years 2002 and later, the total credit and used amounts were estimated. Due to taxpayers claiming multiple credits, the carry forward amounts were not estimated.

DEFENSE CONTRACTING CREDIT

Statute: A.R.S. § 43-1077 and 1078

Effective Date: For taxable years from and after 9/30/92

Repealed: Certification by the Arizona Department of Commerce was required by June 30, 2001, valid for five taxable years. No new credits could be claimed after tax year 2006.

Provisions: The nonrefundable credit is for a net increase in employment of qualified employees under a United States Department of Defense contract or for a net increase in private commercial employment by a qualified defense contractor due to full-time equivalent positions transferred during the taxable year from exclusively defense related activities to exclusively private commercial activities. A tax credit is also allowed for a portion of property taxes paid on class 3 (commercial or industrial) property.

Credit: For net increases in employment, the credit is \$2500 for each first year full-time equivalent position created, \$2000 for the second year, \$1500 for the third year, \$1000 for the fourth year and \$500 for the fifth year of full-time employment. The credit for property tax paid is determined first by calculating 40% of the property tax if more than 900 new full-time equivalent positions are created, 30% of property taxes for 601 to 900 positions, 20% for 301 to 600 positions and 10% for up to 300 positions. This amount is then multiplied by the percentage determined by dividing the taxpayer's total gross income from USDOD contracts apportioned to Arizona by the taxpayer's total gross income from all sources apportioned to Arizona.

Carry forward: Five years.

As of the date of this publication, no claim for the defense contracting credit has been found.

DONATIONS TO THE MILITARY FAMILY RELIEF FUND

Statute: A.R.S. § 43-1086
Effective Date: For taxable years from and after 12/31/08.
Repealed: For taxable years ending before 12/31/12. Repeal date was set when credit enacted.
Provisions: A credit is allowed cash donations made to the Military Family Relief fund which is administered by the Arizona Department of Veterans' Services. Donations to the fund will qualify for the credit if the total amount donated to the fund during the calendar year has not exceeded one million dollars. Donations made to the fund after the one million cap has been reached will not qualify for the tax credit.
Credit: The credit is equal to the lesser of the cash donation, credit amount of \$400 for married filing joint/\$200 for all other filing statuses, or the taxpayer's tax liability.
Carry forward: None.

The Arizona Department of Veterans' Services has reported the following donations. Note that the "# of donations" represents the total count of donations and therefore contains duplicates as there are individuals who made more than one donation during the year. The total amount of donations does not account for the tax credit limitation that will be applied when the tax return is filed.

	# of donations	Total donations
2008	3,130	\$993,132
2009	3,259	\$1,004,775
2010	3,128	\$1,000,384

The following table adjusts for multiple donations and estimates the credit amount claimed on tax returns by limiting the donation by the credit cap of \$400 (without information on filing status, estimate assumes the higher married filing joint cap).

	# of claimants	Credit	Credit Used
2008	2,361	\$778,300	\$778,330

RESEARCH & DEVELOPMENT CREDIT

- Statute:** A.R.S. § 43-1074.01
Effective Date: For taxable years from and after 12/31/00
Provisions: This nonrefundable credit is for research and development expenses.
Credit: The credit is computed as follows:
 1. Add the excess of qualified research expenses for the taxable year over the base amount, to the basic research payments determined.
 2. If the sum is less than or equal to \$2.5 million, the credit is 20% or a maximum of \$500,000.
 3. If the sum is greater than \$2.5 million, the credit is \$500,000 plus 11% of the amount exceeding \$2.5 million, except,
 a. For taxable years beginning from and after 12/31/00 through 12/31/01, the credit shall not exceed \$1.5 million
 b. For taxable years beginning from and after 12/31/01 through 12/31/02, the credit shall not exceed \$2.5 million.

The percentages in paragraphs 2 and 3 above are different for tax year 2010 through 2017. In tax year 2010, the percentages change to 22% and 13%. For tax years 2011 through 2017, the percentages are 24% and 15%.

Effective with tax year 2010, a taxpayer whose current research and development credit exceeds the current year liability, who employs less than 150 employees and who received a certificate from the Arizona Commerce Authority may receive a refund of 75% of the excess credit (that credit that exceeds the current year tax liability). The remaining 25% is forfeited.

The amount of credit carry forward that may be used in a taxable year may not exceed tax liability after subtracting the current year credit. Credit carry forward from taxable years beginning from and after 12/31/00 through 12/31/02 that may be used in a taxable year is further limited. The carry forward amount from the specified tax years must be less than or equal to the lesser of tax liability less current year credit (thereby zeroing out liability) or the difference between \$500,000 and the current year credit. The amount of the credit carry forward from taxable years beginning from and after 12/31/02 is limited only by the amount used in any taxable year may not exceed the tax liability after subtracting for the current taxable year's credit for increased research expenses.

Carry forward: Fifteen years.

Statute: SB1120 in the 1994 legislative session
Effective Date: For taxable years from and after 12/31/95
Repealed: Final payments to occur in tax year 2006
Provisions: SB1120 allowed a corporation to elect to file the same consolidated group of corporations on the Arizona return that was filed on the federal return. DEFENSE CONTRACTING CREDIT

Statute: A.R.S. § 43-1165 and 1166
Effective Date: For taxable years from and after 9/30/92
Repealed: Certification by the Arizona Department of Commerce was required by June 30, 2001, valid for five taxable years. No new credits could be claimed after tax year 2006.
Provisions: The nonrefundable credit is for a net increase in employment of qualified employees under a United States Department of Defense contract or for a net increase in private commercial employment by a qualified defense contractor due to full-time equivalent positions transferred during the taxable year from exclusively defense related activities to exclusively private commercial activities. A tax credit is also allowed for a portion of property taxes paid on class 3 (commercial or industrial) property.
Credit: For net increases in employment, the credit is \$2500 for each first year full-time equivalent position created, \$2000 for the second year, \$1500 for the third year, \$1000 for the fourth year and \$500 for the fifth year of full-time employment. The credit for property tax paid is determined first by calculating 40% of the property tax if more than 900 new full-time equivalent positions are created, 30% of property taxes for 601 to 900 positions, 20% for 301 to 600 positions and 10% for up to 300 positions. This amount is then multiplied by the percentage determined by dividing the taxpayer's total gross income from USDOD contracts apportioned to Arizona by the taxpayer's total gross income from all sources apportioned to Arizona.

RESEARCH & DEVELOPMENT CREDIT

Statute: A.R.S. § 43-1168
Effective Date: For taxable years from and after 12/31/92
Provisions: This nonrefundable credit is for research and development expenses.
Credit: Through tax year 2000, this credit had a limit of \$500,000 in a tax year. Effective with taxable years beginning from and after 1/1/01, the credit is computed as follows:

1. Add the excess of qualified research expenses for the taxable year over the base amount, to the basic research payments determined.
2. If the sum is less than or equal to \$2.5 million, the credit is 20% or a maximum of \$500,000.
3. If the sum is greater than \$2.5 million, the credit is \$500,000 plus 11% of the amount exceeding \$2.5 million, except,
 - a. For taxable years beginning from and after 12/31/00 through 12/31/01, the credit shall not exceed \$1.5 million
 - b. For taxable years beginning from and after 12/31/01 through 12/31/02, the credit shall not exceed \$2.5 million.

The percentages in paragraphs 2 and 3 above are different for tax year 2010 through 2017. In tax year 2010, the percentages change to 22% and 13%. For tax years 2011 through 2017, the percentages are 24% and 15%.

Effective with tax year 2010, a taxpayer whose current research and development credit exceeds the current year liability, who employs less than 150 employees and who received a certificate from the Arizona Commerce Authority may receive a refund of 75% of the excess credit (that credit that exceeds the current year tax liability). The remaining 25% is forfeited.

Credit carry forward from taxable years beginning before 1/1/03 that can be used in a year may be limited. The carry forward amount from the specified tax years must be less than or equal to the lesser of tax liability less current year credit (thereby zeroing out liability) or the difference between \$500,000 and the current year credit. The amount of the credit carry forward from taxable years beginning after 12/31/02 that may be used in a taxable year may not exceed tax liability after subtracting current year credit.

Carry forward: Fifteen years.
