
Arizona Modernized e-File (MeF) QuickAlert - 04/09/2013

IRS Delays in MeF Acknowledgements Resolved

Current Arizona Modernized e-File (MeF) System Status
Production System: **Operational**

MeF QuickAlert

The IRS is reporting that they have resolved the delay with acknowledgements from Sunday, April 7 through the morning of Tuesday, April 9. The IRS has stated that Linked Fed/State returns should be Made Available for state retrieval.

This has affected Arizona's ability to get new submissions and reconcile acknowledgements.

- If you have submitted an Arizona return after 11pm, Saturday night (when the IRS began scheduled maintenance on the MeF system) through Tuesday, April 9, Arizona may not have received your submission. Arizona has begun retrieving returns and sending acknowledgements. We anticipate that we will be caught up by Friday, April 12.
- If you have submitted an Arizona return after 10am, Tuesday, April 9, we anticipate your return will process in 24-36 hours.

MeF Alerts:

Final Update on Modernized e-File (MeF) Acknowledgements (Posted 10:00 am EST, 4/9/2013)

The IRS has completed creating the acknowledgements for Sunday's April 7th submissions. The acknowledgments are ready for pickup by the Transmitters, and the Linked Fed/State returns should be Made Available for state retrieval. If any Transmitter or State has any problem or concern, please send your comments to the MeF mailbox.

The IRS again thanks you for your patience and support.

Thank you for using Arizona efile.
