Submissions

The IRS has alerted Arizona MeF that they were unable to send state submissions from the IRS as of April 12th (See IRS MeF Alert below). The IRS MeF support team is researching the issue. We anticipate delays in processing submissions and sending acknowledgements. We will keep you updated as more information becomes available.

- Returns and/or payments for the tax due submitted on or before April 15th would be considered timely.
- Returns and/or payments for the tax due corrected and resubmitted during the correction period (April 15th - 20th) would also be considered timely.
