- Use the interactive green buttons to be automatically navigated around the form. These buttons also route you to credit forms and schedules (if applicable) that are allowed with the form you are filing.

SAVING THE DATA

“Save My Data” enables you to begin working on a fillable return and save it to a file of your choice on your computer’s hard drive.

- To save the data, you must first save the fillable form. On the Adobe Reader toolbar select the File drop-down menu Select “Save As” Select the drive you in which you want to save the file. **DONOT** Change the file name. The file name extension is .pdf
- Once the fillable form has been saved, you will save the data using the “Save My Data” button. Left click once on the button. A save box will open. Select the same drive in which you saved the fillable form. **DONOT** Change the file name. The file name extension is .fdf.

Your tax data is now saved.

RETRIEVING SAVED DATA

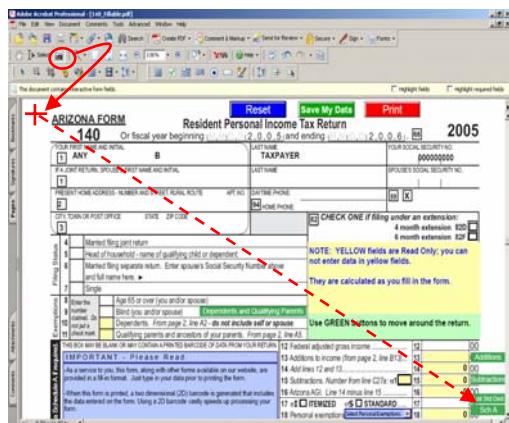

To retrieve the saved data, select the .fdf file you saved during the “save my data” function. When you open the file all the data entered up to the point the file was saved will be automatically populated into the .pdf form.

SAVE THE COMPLETED TAX RETURN

On the Adobe Reader toolbar select the Snapshot tool

- Place the marquee (+) at the top left corner of the form.
- Holding down the left side of your mouse, drag the marquee to the bottom right corner of the form.
- Once you have drag the marquee to the bottom right corner of the form, release the left side of the mouse.
- Adobe Reader has captured an image of the document and placed it on the Clipboard.

- Select “OK” to close the message box.
- Choose a program in which you want to save an image of your tax forms (Microsoft Word, Excel, Power Point, etc).
- Open the program.
- Paste the image into a blank document within the program.
- Name and save the page (ex. Page 1 AZ Tax Return) in a folder of your choice.
- Repeat previous steps for each page of your tax return.** Once you have copied and pasted all of your forms into the program of your choice, save and name the document according to the instructions of the program.

This will only save an image of what you printed. The form(s) cannot be modified (see “Saving the Data” section).

RETRIEVING SAVED TAX RETURN

Open the program On the Adobe

To retrieve the saved tax return, open the program in which you saved the image. Open the file. The image of your tax return should appear. Remember, your tax return is made up of several pages, so it is necessary to open all files if you choose to view or print your tax return.

PRINTING THE TAX RETURN

Once you have completed your tax return simply use the red "Print" button located in the upper right hand corner of the form. In addition, the credit forms and schedules you completed will be printed.

On the front of the return you will notice a two dimensional (2D) barcode printed automatically the return. The 2D barcode contains only the data that you entered on the form. It is scanned by the department to retrieve your tax return information. Using this method decreases the time needed to process your return. Please do not alter the barcode or cause it to smudge. Should this occur, your return will no longer be able to be scanned and may delay your refund (if applicable).
